RACE 1 - 2.30pm

A Handicap Hurdle about TWO MILES & A QUARTER

The Stewards noted that under rules all starts must be instigated by a flag. As there were no flags at the start, they noted the Starter improvised in the expediency of getting the race away in a timely manner.

The matter of why there was no flags at the start is held over to the next meeting.

The Stewards enquired into the fall of Victoria Malzard on **DIPLOMATIE**, trained by ALYSON MALZARD, whilst two hurdles from home. Having reviewed the recordings of the race it appears that her ride jinked right as it approached the hurdle, the jockey then attempted to correct this, but the correction was sharper than thought resulting in the rider parting company with the horse.

The Stewards note that Ms Malzard was stood down for the rest of the meeting by the Race Medical Officer.

RACE 2 – 3.05pm

A Handicap about SIX FURLONGS YARDS

The Stewards enquired into the fall by Taylor Fisher on **AL FARABI**, trained by KARL KUKK, at the 2-furlong marker having reviewed the recording of the race, it is apparent that the riders saddle slipped as he exited the final bend, this caused him to part company with his ride. The jockey was attended to by the oncourse medical teams and was evacuated to hospital by ambulance.

The Clerk of the Scales reported to the Stewards that Jockeys were reporting that the Head-on-Bend was slippery, the Chief Steward asked the Clerk of the Course to investigate and place sharps sand on the racing line if required. The riders were also given further riding instructions for Les Landes Racecourse by the Starter, Mr Batchelor, a former Channel Islands Champion jockey. No further action was taken, and no further reports were noted.

As the ambulance had been dispatched to the hospital, racing was suspended until the emergency vehicle returned to the course and was back on station.
